#### BORDERLESS HEALTHCARE & EMERGING CENTERS OF EXCELLENCE

Interstate collaboration democratizes access to care for patients. It also expands research and learning opportunities for medical professionals. We're seeing new interstate centers of excellence emerging – enhancing access to physician mentorship in very specialized areas of care.

**EXPANDED OPPORTUNITIES** Multi-state licensed physicians create more opportunities for patient care. Rural & underserved areas benefit through access to more physicians in urban areas & neighboring states.

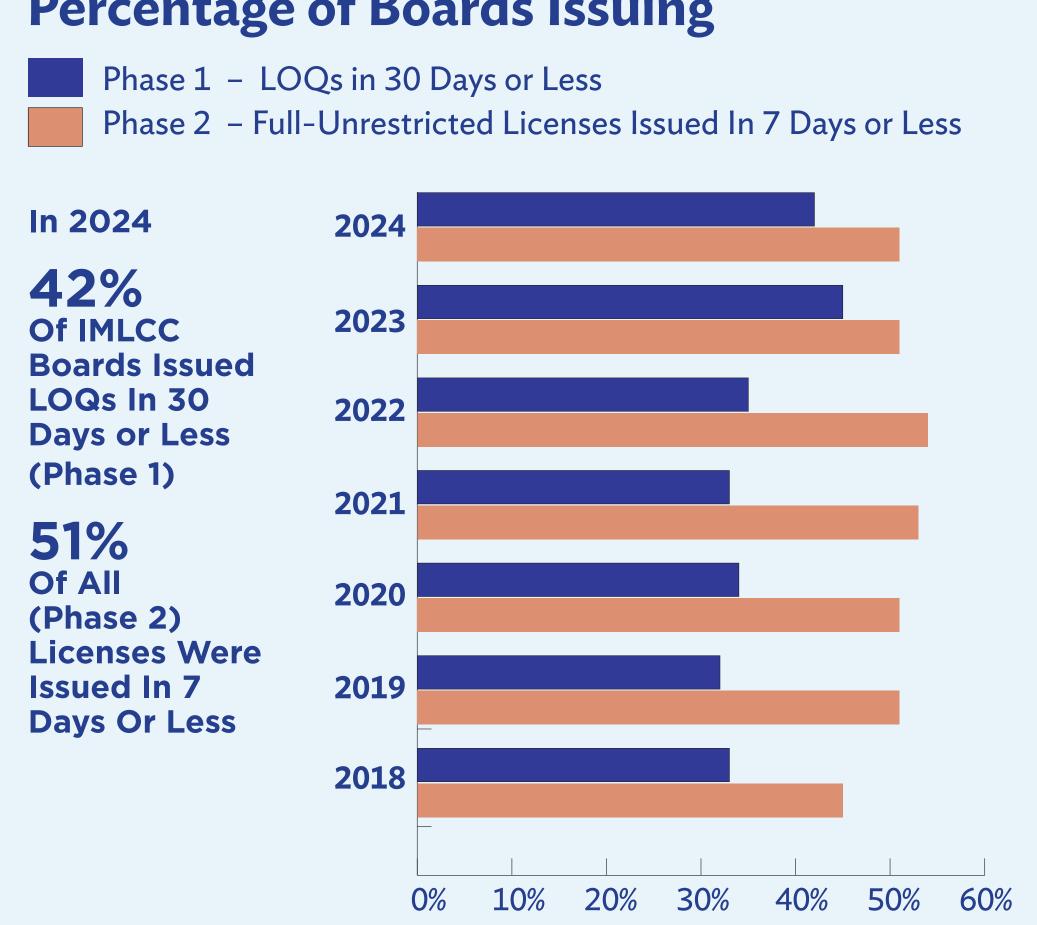

REDUCED ECONOMIC BARRIERS TO CARE Collaborative care reduces travel costs which disproportionately affects patients in remote and underserved communities.

New FUNDING AVAILABLE FOR API INTEGRATION Member boards can apply for funds to subsidize the cost of adopting the new Member Board API.

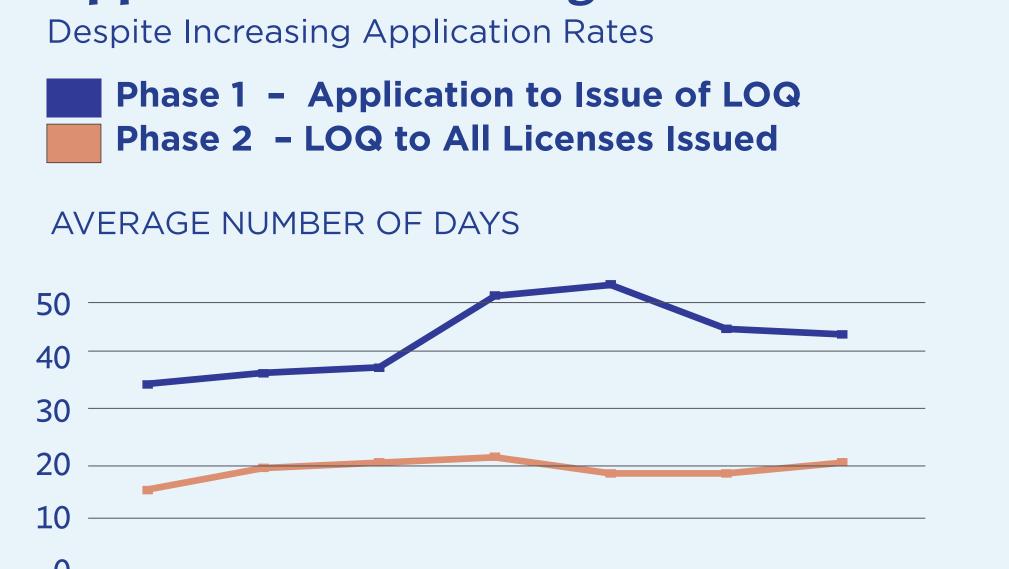

Coming Soon PHYSICIAN PORTAL Enhanced licensure data management tools for one-stop credentials management & expedited license renewals.

Coming Soon PHYSICIAN PORTAL DELEGATE ACCESS Patients. Not Paperwork. Physicians can offload time-consuming licensure administration. Delegates can manage the application process, renewals, and updates so physicians spend more time on patient care.

#### Member Board API Cracks Manual Data **Entry Burden**

An API process has been built that allows member boards to complete ALL processes and interactions with the IMLCC via an automated process for single and/or multiple physicians instead of manual one-by-one update. All done throu a secure data bridge built by the IMLCC.
